

**Overview**

Do you have strong people skills and a love of logic and reasoning? Do you dream of a career in business, industry or the not-for-profit sector? Then the Business - Accounting program is the place to start.

Designed for students who want to develop skills and knowledge appropriate for an entry-level accounting position, this two-year program begins with a common Business first year at the end of which, on successful completion, you will earn a Business Fundamentals Certificate.

Your second year in the program will give you the perfect foundation to continue building your studies towards a CPA Advanced Certificate in Accounting and Finance. On successful completion of this program, you will be given the option of completing one additional year in the Business Administration - Accounting program.

**Top Highlights**

- Prepares you for a career in all areas of business, particularly in the small business enterprise sector
- Graduates have the option of completing one additional year in the Business Administration – Accounting program
- Train for a position in either the private or public sector

**Learner Testimonial**

After graduating from Confederation College, I immediately earned a position at Canada Customs and Revenue Agency. Confederation College prepared me for the job market and provided me with tools I needed to get this great job.
