

Members of OPSEU representing Confederation College faculty members will be in a legal strike position effective at 12:01 a.m. on October 16, 2017. Should a strike occur, picket lines are expected to be present at Confederation College campus locations served by Thunder Bay Transit.

In the event of a work stoppage by OPSEU/College Faculty members and in order to avoid major traffic disruptions and significant impacts to buses maintaining regular schedules and due to picket line activity, all stops at the College's main campus on Nakina Drive and the Aviation Centre will be placed out of service and temporary stops will be put in place along detours. A listing of the temporary route detours and stop locations are as follows:
