**FALL 2023**

## Continuing Education

### General Information

Visit [www.confederationcollege.ca/ce](http://www.confederationcollege.ca/ce) for the most up-to-date information.

**Note:** For general college inquiries call (807) 475-6110 or (800) 465-5493.

### Pre-requisites

Some courses require prerequisites to be completed before registering. Make sure that you have successfully completed the applicable prerequisite course(s) to avoid problems with the course material and/or with your transcript.

For more information on prerequisites contact [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca) or call (807) 475-6550.

### Course Fees

Continuing Education courses may have additional fees not covered in the tuition for textbooks or supplies.

For information on withdrawal and refund policies of part-time courses, one day workshops and online learning please visit: [www.confederationcollege.ca/continuing-education/general-information](http://www.confederationcollege.ca/continuing-education/general-information).

### Textbook Information

Postsecondary courses and general interest courses may require textbooks. Please inquire upon registering. Textbooks can be purchased on campus or online at Follett Bookstore. Email the Bookstore at: [www.confederationcollege.ca/bookstore](http://www.confederationcollege.ca/bookstore) or call (807) 475-6225.

### How to Register

Thinking of registering? Make sure to register early to prevent cancellation due to insufficient enrollment.

**Web Register** quickly and conveniently to Continuing Education courses by accessing our secure online shopping cart located at: [www.confederationcollege.ca/ce](http://www.confederationcollege.ca/ce).

### Parking

Parking permits are required between 8:00 a.m. and 5:00 p.m. Monday through Friday at all campus buildings. Parking permits are available at parking lot kiosks or through Facility Services. Visit: [www.confederationcollege.ca/facilities-services/parking](http://www.confederationcollege.ca/facilities-services/parking) for information on parking.

### Scheduled Building Closures For Fall Semester

Monday, September 4 (Labour Day)      Monday, October 9 (Thanksgiving)  
December 25 - January 1 (Christmas and end of term break)

# Part-Time Online Programs

*This is*  
**LEARNING**

**Continuing Education offers a variety of programs with flexibility to fit your lifestyle online.** Browse our list of programs

Visit [www.confederationcollege.ca/continuing-education](http://www.confederationcollege.ca/continuing-education) for more information application is free.

## Bookkeeping

*Confederation College Board of Governors Certificate*

This certificate program provides you with a basic foundation for maintaining the accounting records of entities in industry, commerce and government. Required courses include both theory and computer application.

Program Code 5402                      11 Courses

## Canadian Certified Administrative Professional (CCAP)

*External Certification*

This Program is designed for office professionals. CCAP courses are offered to administrative assistants, executive secretaries, and office managers, etc. who are interested in meeting the challenge of today's demanding workforce.

Program Code 5086                      8 Courses

## Client and Customer Relations

*Confederation College Recognition of Achievement*

Learn strategies and techniques that will help you solidify and enhance your client relations skills and build positive, lasting relationships with clients. The program prepares graduates to build teams of staff dedicated to excellent service delivery, to identify, mitigate and avoid confrontational situations with internal and external clients, and to create and promote an organizational service culture.

Program Code 5024                      6 Courses

## Commercial Construction Management

*Confederation College Recognition of Achievement*

This program provides training related to the commercial construction management field. The program covers all of the major aspects of the management of a construction project from the drawings to preparing estimates and creating the construction schedule. Case study analysis will be utilized throughout the program to help prepare students for a multitude of situations that may occur during a construction project.

Program Code 5031                      6 Courses

## Construction Estimator

*Confederation College Recognition of Achievement*

The Construction Estimator Program is designed to improve the knowledge and skill levels of persons working or wishing to work as estimators in the Commercial Construction Industry. Individuals who previously learned estimating skills on the job or individuals wishing to enter the construction industry would benefit from this program. Areas to be covered include the role and responsibility of the estimator, use of tendering documents, cost planning/control, surveying, material quantities and unit costs, review specifications and take-off quantities, and preparation of bid forms. The final phase of the program is designed for students to gain the knowledge necessary to run a complete project on site.

Program Code 5110                      6 Courses

# Part-Time Online Programs

## ELearning Developer

*Confederation College Recognition of Achievement*

With the growth of online education, teaching and training has advanced the need for skilled developers of web-based learning. This program is designed to provide students with usable skills and a pedagogical basis in order to develop quality online learning materials. Students will not only learn the practical skills for development, but will also be introduced to how their role relates to the team-based approach in educational design.

Program Code 5026 6 Courses

### Required Courses and Program Information

For current part-time program information including required courses, admission requirements, and access to our online application visit the [Continuing Education site](#).

## Food Services Worker

*Confederation College Board of Governor's Certificate*

Are you interested in learning the proper principles in food preparation, production, and safe food handling that will ensure the nutritional needs of persons from a small scale to large production focusing on health? The role of a food services worker fills an important role for clients in providing proper nutrition that also tastes good. Courses focus on compliance of provincial policies and procedures for the health and safety of food services.

Program Code 5026 6 Courses

### For Online Courses:

**Students must provide their own Internet access and email address.** Before course start-up, students will receive an email with start-up instructions including information on course materials.

## Fundraising Management

*Confederation College Recognition of Achievement*

This program will equip you with the skill develop and execute fundraising strategies . You will be able to enhance your marketable skills to successfully pursue a career in fundraising for different sectors.

Program Code 5600 6 Courses

## Geographic Information Systems

*Confederation College Recognition of Achievement*

This program provides an introduction to Geographic Information Systems (GIS) for people who are or will be end users of GIS and those who wish to increase their knowledge of this emerging technology.

Program Code 5022 8 Courses

### Are You Ready For Your Credential?

If you have completed the required courses to receive a credential, be sure to email [ce@confederation.on.ca](mailto:ce@confederation.on.ca) and let us know what credential you have been working on!

## Health Records Clerk

*Confederation College Recognition of Achievement*

With the increasing production of and demand for complex information and the widespread use of automated technologies, organizations are striving to manage information effectively and efficiently — and this program will help you do just that. The part-time Health Records Clerk program teaches the skills and medical background you need to operate a records management program in any healthcare setting.

Program Code 5073 6 Courses

Access classes from your home, any regional campus or Contact North site on a specific date and time each week.

# Part-Time Online Programs

This is  
**LEARNING**

## Management Studies

*Confederation College Recognition of Achievement*

Enhance your managerial skills and job opportunities by achieving your Certified in Management (C.I.M) designation. This professional designation is awarded by the Canadian Institute of Management and is recognized by Canadian recruiters and employers nationally. Get started on developing your management skills and earning the nationally recognized C.I.M. designation.

Program Code: 5017                      8 Courses

## Medical Office Assistant

*Confederation College Recognition of Achievement*

The Medical Office Assistant program helps you develop strong administrative and clerical skills with an emphasis on interpersonal, organizational, computer, and communication skills. This program also features course content that is specific to the healthcare sector.

Program Code: 5030                      12 Courses

Fall Online Courses Start September 12

Monthly intakes may also be available  
[www.confederationc.on.ca/ce/onlinelearning](http://www.confederationc.on.ca/ce/onlinelearning).

## Medical Transcriptionist

*Confederation College Recognition of Achievement*

The Medical Transcriptionist program helps you develop the theoretical and practical knowledge and skills required of a medical transcriptionist - a professional who translates the spoken word of physicians and other healthcare workers into written reports. Using simulated case studies as part of the training, this program focuses on communication, skills and transcription techniques.

Program Code: 5025                      12 Courses

Updates Online

**The material in this publication has been prepared well in advance of the academic session to which it pertains.** Although it is the most current and accurate information available at time of printing, updated course offerings are available online at <https://www.confederationcollege.ca/programs-courses>.

## Ontario Association of Home Inspection

*Confederation College Recognition of Achievement*

This program provides an opportunity to enter an exciting and growing profession. Home inspection is a consulting service that helps homebuyers to make informed decisions about their prospective new home.

Program Code: 5060                      10 Courses

## Nephrology Nursing

*Confederation College Recognition of Achievement*

This program prepares nurses to deliver kidney care to affected patients across all stages of the kidney care journey, from early detection through dialysis, palliative care and transplant. Current nurses will learn the knowledge required to promote and deliver competent, safe and ethical care to those at risk for developing or affected by renal disease and/or insufficiency.

The curriculum has been designed and developed in accordance with the Canadian Nurses Association (CNA) nephrology nursing competencies and standards of practice established by the Canadian Association of Nephrology Nurses and Technologists (CANNT).

Program Code: 5028                      6 Courses

# Part-Time Online Programs

## Palliative Care

*Confederation College Recognition of Achievement*

This online program is designed to enhance the knowledge, skills and attitudes of individuals (RPNs, Orderlies, PSWs, Volunteers, Support Workers, Clergy etc.) who deal with the terminally ill and their families. Students will learn to provide compassionate care in which the quality of remaining life is the objective.

Program Code: 5060                      5 Courses

## Retirement and Long Term Care Management

*Confederation College Recognition of Achievement*

Due to the aging population and the commitment from the Ministry of Health and Long-Term Care to provide long term care beds in Ontario, there is an increasing demand for qualified administrators and general managers. This program targets the skills necessary for administrators working in this sector and provides students with an understanding of the long-term care industry. This program is offered ideally to those candidates with an academic background or managerial experience in a related health or business discipline. The competency-based curriculum will prepare you for a challenging, dynamic management career in a recognized sector.

Program Code: 5019                      7 Courses

### For Online Courses:

Students must provide their own Internet access and email address. Before course start-up, students will receive an email with start-up log-in instructions including information on course materials. Some courses have specific software needs.

## Volunteer Management

*Confederation College Recognition of Achievement*

This certificate focuses on the specific management, research and planning tools to develop and engage a spectrum of volunteer types, including those in specific roles, age groups and levels of responsibility or commitment. You will be coached to proactively manage each cycle of the volunteer engagement, from the recruitment process to the training, development and engagement cycles to the disengagement process. Delivered online, this certificate will allow you to interact with participants from other organizations as you hone your skills as an effective manager of volunteers.

Program Code: 5010                      4 Courses

**PLEASE CHECK FOR PRE-REQUISITES WHEN REGISTERING INTO COURSES AND FOR PROGRAM APPLICATION.**

## Workplace Health And Safety

*Confederation College Recognition of Achievement*

This program provides students with solid training, knowledge and skills in the required practices of occupational health and safety. A management component is included, in addition to the fundamentals, for you to gain knowledge in administering a workplace safety program and offer solutions.

Program Code: 5074                      7 Courses

## Daily Foot Health - For Patients and Support Personnel

*"Everyone has an important role to play in foot health!"*

The Daily Foot Health program includes two parts. The theory has 12 lessons that lead up to the HANDS-ON workshop where you gain exposure to the daily foot health practices, and highlights essential to the role of *support personnel* as part of an interdisciplinary team, promoting prevention of infection, complication reduction, and improved overall health.

Learn daily maintenance and healthy foot health practices.

### *Topics Covered:*

Introduction to Feet, Skin and Nails  
Anatomy of the Foot

Common Foot Conditions, Diseases and Disorders

Skin and Nail Conditions

The Role of the Support Personnel  
Scope of Practice: PSW, CCA, HCA, and other professional support staff

The Role of caregivers, family, and patients.

The Foot Health Team - Referrals

Daily Foot Health Checklist

Basic Nail Trimming

The Importance of Foot Health to your Overall Health

Patient Education and Health Promotion

Supporting Foot Health: Orthotics, Exercise, Diet and Lifestyle

Infection Prevention and Control Best Practices.

For more information on the theory and clinical contact us by calling (807) 475-6550 or email at: [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca)

## Foot Care Nurse Theory & Clinical

*Are you looking to enhance your nursing career?*

The Foot Care Nurse (FCN) Clinical course is designed for nurses (RN's, NP's, RPN's & LPN's) who are interested in adding to their portfolio. The (FCN) program consist of two parts that include theory and clinical onsite with the guidance and supervision of a Foot Care Nurse (FCN) Educator. The course uses the Canadian Association of Foot Care Nurses' National Competencies for Advanced Nursing Foot Care in Canada (2017) as Clinical Performance Standards and teaches a comprehensive, advanced, and diabetic nursing foot care curriculum, which follows current best practice guidelines and evidence-based practice.

The theory courses is fully online asynchronous learning of 110 hours prior to the clinical at the Thunder Bay campus using our nursing labs under the direction learning foot care nurse skills, development and mentorship. Together, both the FCN Theory and FCN Clinical courses are designed to prepare participants to function as a Foot Care Nurse within a health care team and with potential for independent practice.

For more information and to apply to the program visit our page here: <https://www.confederationcollege.ca/program/foot-care-nurse-clinical>. Our dates for the next 6 day fall clinical are now set for October 18 to October 20 and November 4 to 5.

The 6 day clinical will include 2 1/2 days of days consist of mentorship, theory, and practice with the Foot Care Nurse Educator from Foot Canada Training. Then you will have 3 1/2 days of clinical experience working on volunteer clients from the community providing both foot care and assessments.

If you have additional question contact us at (807) 475-6550 or email us today at: [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca).

## Advanced Foot Care Nurse Courses

Advanced/Second Level Foot Care Nurse (FCN) one day workshops now available to those who have completed the Foot Care Nurse clinical. Contact us at [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca) or call (807) 475-6550 for more details and to be added to our interest list for course offerings.

*Check out the below New options today!*

### Diabetes Foot Care Management

This 8-hour Advanced Skills workshop covers diabetes management best practices, comorbidities and complications, risk assessment tools and techniques, testing the loss of protective sensation, client-centered interviewing, and health teaching.

Students will practice advanced foot care skills on diabetic patients under the supervision of an experienced Foot Care nurse.

This workshop will include both a classroom and clinical setting with several practical hands-on sessions involving current diabetes management best practice guidelines, exploring different diabetic risk assessment tools, testing the loss of protective sensation with the use of a tuning fork and monofilaments, exploring, and practicing client-centered interviewing techniques and goal setting for persons with diabetes.

### Infection Prevention and Control (IPAC)

Are your IPAC policies and procedures up to standard?

This workshop provides clinic-based or travelling foot care nurses' fundamentals in infection prevention & control updated best practice guidelines, PPE, single vs. multi-use tools, and onsite/outsourced medical device reprocessing options.

Ensure your practice is meeting the updated Canadian standards for infection prevention and control.

### PAD and ABPI

"What is it? How to assess it? What is your role as a foot care nurse? How can you empower your patients?"

Gain a deeper understanding of the causes and complications of Peripheral Arterial Disease, and how it relates to your patient's foot and overall health. Learn how to use different assessment and diagnostic tools, including Doppler and ABPI.

Learn more about Peripheral Arterial Disease, and practice using assessment tools and techniques.

### Padding and Orthotics

This workshop is designed to improve your knowledge, sharpen your skills and increase your comfort with OTC and custom orthotics & offloading procedures.

Learn to support your patient's foot & overall health, mobility & independence by identifying and understanding the different types of orthotics & offloading tools and techniques, with a hands-on opportunity to create your own.

Understanding, using & creating orthotics, padding & offloading are advanced skills that will set you apart from other foot care nurses.

*Email us at:*

*ce@confederationcollege.ca today or call us at (807)475-6550 for more details on scheduling of our NEW Foot Care workshops and to be added to our interest list for updates.*

The course will take place in the Shuniah building of the Thunder Bay campus in one of our culinary labs.

*With the popularity of this course we expect it to fill up quickly.*

*So don't delay contact us today.* This course is also open to intergenerational learning contact us for details.

Shuniah Room TBA

Instructor: F. Masdea

Fees: TBA

## Are you interested in being a volunteer for foot care?

Our fall Foot Care clinical program is now collecting names of volunteers interested in coming onsite to the college in Thunder Bay as a client for our Foot Care Nurses. If you have sore feet, diabetes, ingrown toe nails, calluses, fungal treatments, bunions, or just interested in learning more about foot care and want to have an assessment of your feet this is for you.

Our foot care nurses will provide you with a full foot health care assessment and treat common foot conditions including nail cutting and filing. Information and recommendations will also be supplied to aid clients in maintaining healthy feet.

Foot care is important in the prevention of fungus infections of the nail, painful ingrown toenails and infections of the feet. It is especially important for those with diabetes.

If you, a family member or someone you know would like more information on how to receive free foot care during our Foot Care Nurse Program clinic offered Confederation College.

Names are now being taking for our Foot Care Clinic dates on Friday, October 20, Saturday, October 21 and Saturday, November 4 and Sunday, November 5.

Contact us today to find out more by emailing [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca) or call (807) 475-6550 for additional details and/or add your name to our volunteer client list.

### Woodworking

CA115

This is an at-your-own-pace workshop in a fully-equipped woodworking shop with a patient, fun, knowledgeable woodworking instructor to answer your questions. Safety and project review will be discussed at first class. You are required to bring your own project idea and materials to class. Some woodworking knowledge would be an asset.

**Classes held in the Dorion building on campus.**

Dates: October 5 - December 14

Thursdays evenings 6:30 - 10:30 p.m.

Location: Dorion Building

Room 169 Fees: \$ 352.00

Instructor: T. Charlton

**PLEASE NOTE:  
Program availability is dependent  
upon student interest, and  
instructor availability.**

### Woodworking - Carpenter's Choice

ZC159

Have you always wanted to try your hand at woodworking and can't commit to a lengthy course? Do you have an idea for a small project that you need help with? We will supply the expert, shop, tools and the plans (upon approval and consultation with the instructor), you supply the materials to create your own project. Safety, project review and materials list will be discussed at first class. Come out and learn a new skill in a safe and encouraging environment while creating a one-of-a-kind piece. Some woodworking knowledge would be an asset.

**Classes held in the Dorion building on campus.**

*Two session dates to choose from:*

Dates: October 5 - November 2

Thursday evenings 6:30 - 10:30 p.m.

Location Dorion Building

Room 169 Fees: \$180.80

Instructor: T. Charlton

OR

Dates: November 16 - December 14

Thursday evenings 6:30 - 10:30 p.m.

Updates Online

The material in this publication has been prepared well in advance of the academic session and publication date and is subject to change. Although it is the most current and accurate information available at time of printing, make sure to check the updated course offering information available online at: [www.confederationc.on.ca/ce](http://www.confederationc.on.ca/ce) or by contacting Continuing Education by email at: [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca) directly.

## Ozone Depletion Prevention

IB802

Canada's Ozone Layer Protection Awareness Training Program is based on Environment Canada's "Code of Practice for Elimination of Fluorocarbon Emissions in Refrigeration and Air Conditioning Systems". This course will deal with environmentally correct equipment design, proper handling of refrigerants, and will prepare participants for complying with provincial regulations covering refrigeration and air conditioning systems. Each attendee will receive the Participant Manual to refer to in class and take home. Participants who achieve a mark of 75% or better on the exam will receive an Ozone Depletion Prevention (ODP) card. This card must be renewed every five years for those who purchase or handle refrigerants across Canada. Note: this course is strictly theory and does not incorporate hands-on training. Anyone in residential, commercial, industrial, domestic, automotive and mobile cooling applications would benefit from taking this

course. This course is offered via distance education with the instructor located in Thunder Bay and connecting with students from across Northern Ontario through Contact North. Students attend class at home/office or at a Contact North site if available. For location availability go to: [https:// contact-north.ca/contact-us](https://contact-north.ca/contact-us).

*Attention Employers or Sponsors: If you wish to sponsor one or more employees or clients for a specific course, we can simplify the process for you. The course is delivered online synchronous learning through Contact North. For additional details contact us at: [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca).*

Dates to be determined and will run based on interest list meeting minimum requirement. Contact us today to be added to our interest list at: [ce@confederationcollege.ca](mailto:ce@confederationcollege.ca) or call (807) 475-6641

Delivery Method: Online Learning Synchronous with Contract North

Fees: \$ 298.89 (taxes included)

Instructor: R. Ongaro
