Overview

Interested in getting into a college program but don't meet the minimum requirements? Want to refresh your skills for work or school? Keen to get your grade 12 equivalent? Upgrade for your future with us!

Confederation College's free Academic Upgrading program can help you get ready for your next step. We can help you to improve your writing, reading and speaking skills, master subjects like math, science and computers and learn new skills for the workplace.

If you are ready to learn, we're here. We offer courses designed to support your academic and employment success.

Top Highlights

- Learn in an adult atmosphere
- Continuous intake – start whenever you are ready
- Flexible schedule lets you learn at your own pace and around your busy life
- Study during the day, in the evening, or online
- Take only the courses you need to meet your personal goals
- Supportive and qualified teachers work with you one-on-one
- Financial support available for transportation and/or childcare

Employment Opportunities

Upon completion of this program, you will be eligible to pursue employment opportunities, postsecondary education or apprenticeship training.

Academic Upgrading

Admission Requirements

- 19 years of age or older (some exceptions may apply)
- Resident of Ontario
- Eligible to work in Ontario
- Applicants are admitted to this program based on program eligibility requirements and assessment results.

Academic Upgrading – On-campus Option

This program offers the flexibility of full-time, or part-time hours of study, allowing you to complete your Academic Upgrading and/or ACE certificate (Grade 12 Equivalency) by working and learning in a classroom environment with on-site faculty.

On-campus option also offered at the Greenstone Campus and Northshore Campus.

Academic Upgrading – Online Option

This program offers the flexibility of full-time, part-time and flexible hours of study, allowing you to complete your Academic Upgrading and/or ACE Certificate (Grade 12 Equivalency) by working and learning from home on your own via the internet.

Exemptions

Students who complete ACE Academic Communications and apply to a Confederation College postsecondary program are automatically exempted from CS050-College Writing.

Each student is assessed to determine the level of mathematics, communications and/or science for placement in our courses. This helps us to create an individualized training plan just for you.
