Overview

A Future You Can Count On! Do you have strong people skills and a love of logic and reasoning? Then the Business - Accounting program is for you.

Designed for students who want to develop skills and knowledge appropriate for an entry-level accounting position, this two-year program begins with a common Business first year, which upon successful completion, will earn you a certificate in Business Fundamentals.

Your second year in the program will give you the perfect foundation to continue building your studies or to enter the workforce. On successful completion of this program, you will be given the option of completing one additional year in the Business Administration - Accounting program.

Top Highlights

- Prepares you for a career in all areas of business, particularly in the small business enterprise sector
- Graduates have the option of completing one additional year in the Business Administration - Accounting program
- Train for a position in either the private or public sector

Employment Opportunities

Upon graduation from the Business - Accounting program, you can expect to find employment in entry-level accounting positions in organizations, whether business, financial, or non-profit. Career categories include Bookkeepers, Accounting Data Entry Clerks, Accounts Payable Clerks, Accounts Receivable Clerks, or Junior Accountants.

Learner Testimonial

The Business – Accounting program provided me with the necessary qualifications to succeed in the workplace. The staff is dedicated and invested in the success of their students. Their care and professionalism are constantly on display and were an important factor in my graduating from the program.

Through Confederation College, I was able to secure an internship opportunity which led to immediate employment in the accounting field after my graduation.
