

CREENTIAL	PROGRAM CODE	AREA OF INTEREST	LOCATION	DURATION
Ontario College Diploma	Fall: 0104 Winter: 0192	Preparatory Studies	Thunder Bay	2 -year

Overview

You know that a college education will help you reach your career goals. But what you're not quite sure of yet is what that career might be...

Confederation College's General Arts and Science two-year diploma program provides you with a good understanding of a variety of topics. Similar to the one-year General Arts and Science certificate program, this program is a great way to earn credits and decide on a career path later. Learn the basics in humanities, social sciences, the arts, civics, and technology and business. You'll gain skills – and credits – that are transferable within the college and university systems.

However, this program is different from the one-year program. It gives you more opportunity to pursue electives and specialize in a variety of areas right from the first semester. You'll also take more advanced courses and be more prepared for the workplace and/or future college and university programs.

Top Highlights

- Get a taste of many different courses to help you decide what interests you most
- Build your skills and earn credits towards future programs
- Opportunity to transfer some credits from other programs

Employment Opportunities

Upon successful completion of this program you will be eligible to pursue direct employment, postsecondary education or apprenticeship training.

General Arts and Science Diploma

Admission Requirements

- 19 years of age or older
- or Ontario Secondary School Diploma (or equivalent) with courses from the College (C), University (U), University/College (U/C), or Open (O) preparation levels with Grade 12 English (E/C/U) Level.
- or successful completion of the Mature Student Assessment.
- or successful completion of the General Education Development Test (GED).
- or appropriate credits from the Academic and Career Entrance (ACE) program - LBS level 5 Communications and LBS level 4 Mathematics.

Transfer Credits

If you already have postsecondary-level courses from a recognized college or university, you may already have a substantial amount of credit toward a General Arts and Science Certificate. You may only need to complete the required courses to qualify (refer to the policy on Transfer Credits and obtaining a second certificate).

Articulation Agreements

Confederation College has agreements in place that permit credits earned throughout this program to be transferred to programs at other colleges and universities.
