CAREER + JOB FAIR

Confederation College Campus Sustainability oversees the implementation and integration of sustainability initiatives and the United Nations Sustainable Development Goals across campus. We strive to support staff and students in integrating sustainability into their time on campus through events, education, and operational changes that support a culture of sustainability.

RETHINK HANDOUTS: Avoid printing and share information digitally. Limit handouts and encourage participants to take pictures of posters or utilize QR codes to direct people to electronic information.

THINK REUSEABLE: Plastic bottled water is not available for sale on campus as we have water bottle refill stations. Please bring **reusable water bottles** to campus and fill up easily at the **water bottle refill station**. We will also have coffee and tea available throughout the day think about bring a **refillable hot beverage bottle** as well.

RECYCLE: Three bin waste sorting is available and we encourage exhibitors to use our three bin system for container recycling, fibre recycling, and landfill (follow signs at bin to properly sort waste).

BUTT OUT: Designated smoking areas are available on campus with cigarette butt disposal units.

COMMUNITY:

Thunder Bay is a thriving community with great opportunities to learn and get involved with sustainability initiatives and projects. Follow the links below to find out what is happening in the community:

Land Acknowledgement - Confederation College respectfully acknowledges that we live and work primarily in the Lake Superior watershed and Boreal Forest; on the traditional and ancestral lands of the Anishinabae People and the signatories to the Robinson Superior Treaty of 1850. We further acknowledge that today, our City of Thunder Bay and region is home to many Indigenous People from across Turtle Island (North America). In the spirit of reconciliation, we are committed to healthy relations with First Nations, Métis and Inuit Peoples based on the principles of mutual trust, respect, and reciprocity. Recognizing and honouring the past stewards and original land keepers, we aim to work together in a collective, collaborative society where all can connect meaningfully with the rich history of the lands and waters we call home.
