

## College Wi-Fi Access Instructions

Wireless access points are available in all college campus buildings for use with personal and work devices. There are two networks available: Confed-Secure and Confed-Guest.

### Confed-Secure

For students, staff & faculty

Confed-Secure grants public Internet access, as well as access to all College services (such as Blackboard, Banner, etc.). Connecting to this network requires using your college username and password.

### Confed-Guest

For outside users & guests

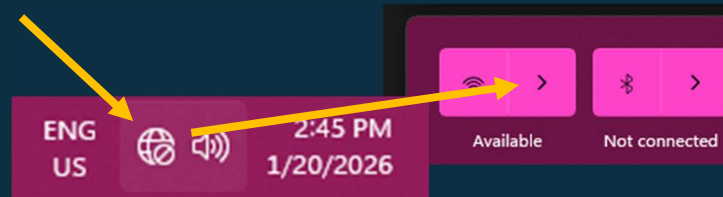

Confed-Guest is open to all users and will grant public Internet access only. Access to College services (such as Blackboard, Banner) are not available on this network. You must accept the terms and conditions when connecting to the guest network.

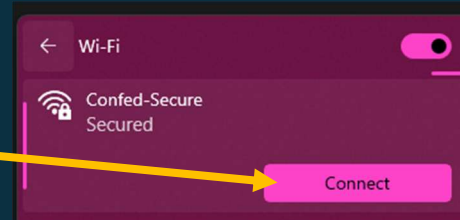

## Windows 11

### Connecting to Wi-Fi - Windows 11 PC

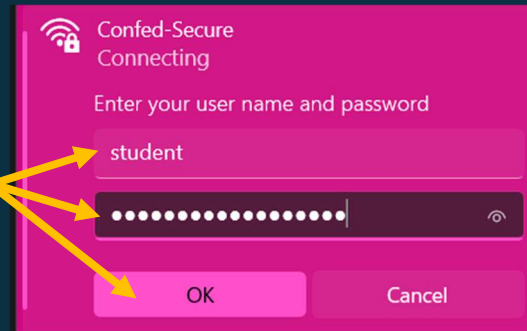

Step 1 – Click the Internet icon by the clock, then click the arrow next to the wireless symbol:

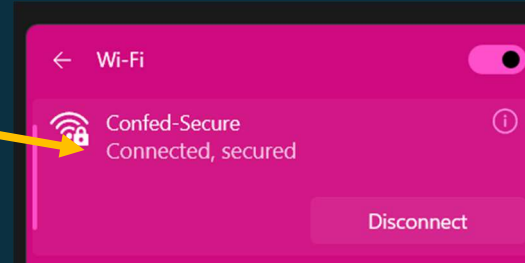

Step 2 – Choose “Confed-Secure” from the list, and click “Connect”
