Confederation COLLEGE
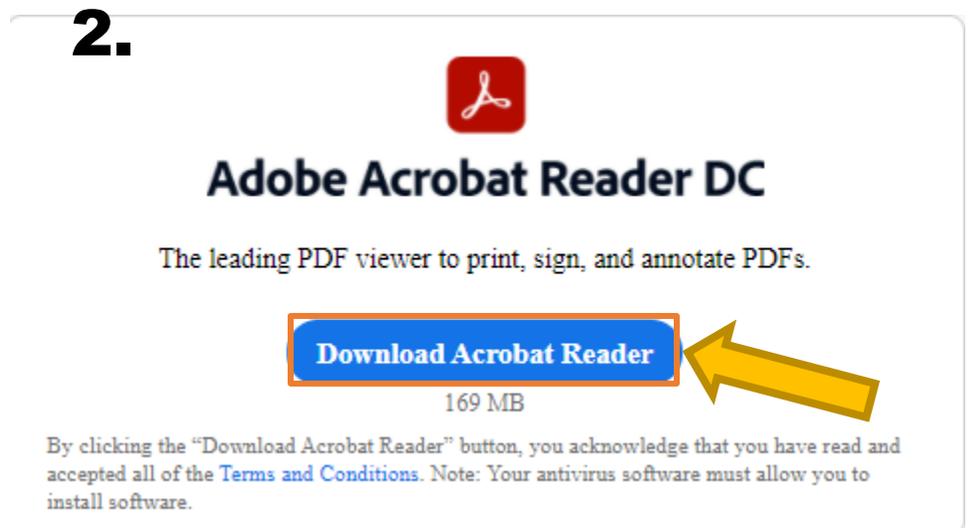

Downloading and Installing Adobe Reader

Adobe Reader can be used to open and fill-out PDF files on student PCs and Macs. To get it for free, follow these steps:

1. Go to the Address Bar in your browser and type in http://get.adobe.com/reader (You can also click the link in this document).

1.

🌐 http://get.adobe.com/reader
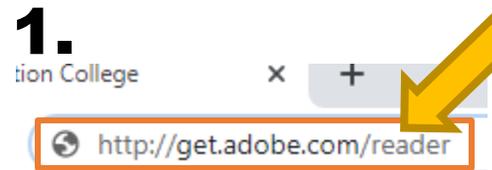

2. Click on "Download Acrobat Reader" on the upper-right of this page.
You do not have to check any of the boxes.:

2.

Adobe Acrobat Reader DC

The leading PDF viewer to print, sign, and annotate PDFs.

Download Acrobat Reader

169 MB

By clicking the "Download Acrobat Reader" button, you acknowledge that you have read and accepted all of the Terms and Conditions. Note: Your antivirus software must allow you to install software.

3. Wait for the progress bar to complete then follow the instructions on screen for your browser. In Chrome, your download will be waiting at the bottom, and in Firefox it will be in the Downloads arrow near the top.

3.

To proceed:

1. Open your download folder and locate the Adobe Acrobat Installer file, named like "reader[xxx]_install.exe".

2. Double-click on the installer to complete the installation. For additional help, click here.

4. If you have a PC, simply open the installer and click Finish when the install is complete. For a Mac, you may need to enter your username and password before it allows you to install.

4.

Install Adobe Acrobat Reader DC wants to make changes. Type your password to allow this.
