PURPOSE

The purpose of this policy is to govern the administration of parking at all Confederation College properties (e.g., campuses, administration offices, etc.).

SCOPE

The intent is to provide safe and secure parking areas at a cost which does not draw on grants or revenues intended for programming but which depends solely on fees from users. The regulations and fees apply to all users of College-owned parking lots.

POLICY

Confederation College will provide motor vehicle movement and parking areas for use by staff, students and visitors. To ensure the safe, orderly and expeditious movement and parking of vehicles the College will develop, promulgate and implement appropriate regulatory procedures.

All vehicles parked on college property must have a valid parking pass displayed in all lots excluding meters. Cars parked at meters must ensure appropriate payment.
