The *Traffic and Parking Regulations* are issued by authority of the President of Confederation College, who reserves the right to amend them from time to time. The Director – Public Safety advises the Vice President, Student and Corporate Services, in the establishment and amendment of the *Traffic and Parking Regulations* and associated parking fees. Notice of changes to the *Traffic and Parking Regulations* will be deemed to have been given to the College community by e-mail notice to all users, and by posting to the Confederation College website.

Because the College grounds are private property, the College reserves the right to maintain jurisdiction over all vehicle traffic and parking on the grounds of the College, to develop and implement *Traffic and Parking Regulations* which govern vehicle traffic and parking, and to take action for violations of the College's *Traffic and Parking Regulations*.

The College reserves the right to make special parking arrangements in any area, on a temporary basis, to accommodate special circumstances or emergencies. The College reserves the right to make changes in the operation of parking facilities on campus.

In addition, as the College grounds are private property, the College is authorized by the Thunder Bay Parking Authority to enforce parking pursuant to Chapter 987 of the Thunder Bay Municipal Code as enabled by By-Law 39-1988. Chapter 987 states: "No person shall park or leave any motor vehicle on private property without the consent of the owner or occupant of the property..."
