Malwarebytes premium on personal devices:

The anti-malware program Malwarebytes is available to all Confederation College students & staff for use on home devices (Windows, Mac, Chromebook and Android devices) for free as a download through Malwarebytes' website. To download it, follow these instructions:

Part 1 – Sign up for an account on the Malwarebytes portal

Before you can install Malwarebytes you will need to create an account on their portal. Here is how to do so:

1. Visit the Malwarebytes portal with this link: https://my.malwarebytes.com/en/portal
2. Enter your College e-mail address in the new formal (username**@confederationcollege.ca**) and click "Claim Malwarebytes License"

> **Your school or organization has partnered with Malwarebytes to give you free access to premium cybersecurity.**
>
> Please sign in to your account to activate your free Malwarebytes license.
>
> Corporate or education email
> username@confederationcollege.ca
>
> **Claim Malwarebytes license**

3. Fill out your Full Name and create a new Password for your account. You may use your Confederation College password if you like, but do note that you will need 1 uppercase, 1 lowercase and 1 special character. Check the "Enduser License Agreement" and "I'm not a robot" checkboxes, then click "Create account" once you are finished.

> **Create your account**
>
> Please enter the following information to create your Malwarebytes account.
>
> Full name
> Student
>
> Password
> ••••••••••
> Must contain at least 8 characters, 1 uppercase, 1 lowercase, 1 number and 1 special character (ex: !@#$%^)
>
> Confirm password
> ••••••••••
>
> ☑ By clicking this checkbox you are agreeing to our Enduser License Agreement
>
> ☑ I'm not a robot   reCAPTCHA   Privacy · Terms
>
> **Create account**

4. You will receive an e-mail at your Confederation College e-mail address shortly after with a verification code. Enter the code you received into the next screen on the Malwarebytes Portal and click "Verify".
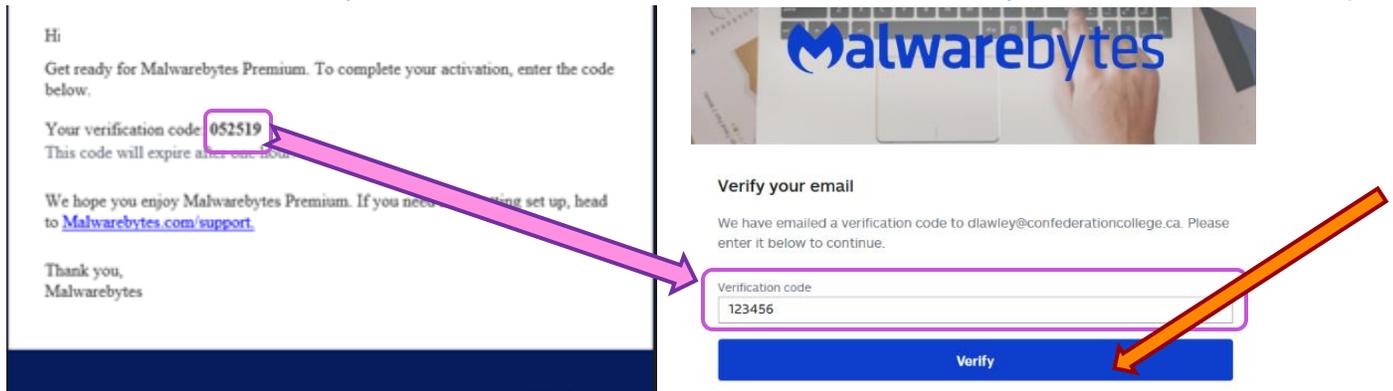

Hi

Part 2 – Installing Malwarebytes on your device

Now that you have an account on the Malwarebytes portal and have downloaded the application, you can get it installed and activated on your device. Here are the installation instructions:
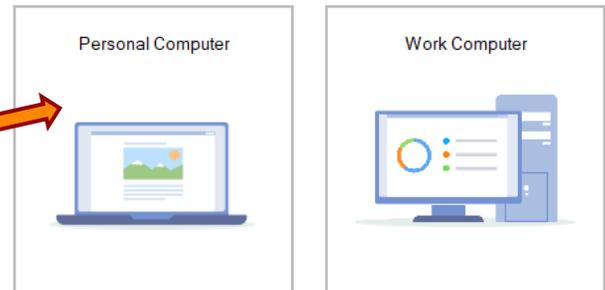

Windows 10 & Mac OS:

Malwarebytes

1. Double-Click the installer file you downloaded.

Where are you installing Malwarebytes?

Personal Computer   Work Computer

2. Click on "Personal Computer".

Install

3. Click "Install".

4. **Optional** – If you would like the browser guard on your Chrome, Safari, Firefox or Edge, click on "Yes, Install". Otherwise, click on "Skip this".

Add Malwarebytes Browser Guard for free

This free browser extension for Chrome, Firefox, and Edge stops annoying ads, scams, and trackers while providing a faster browsing experience.
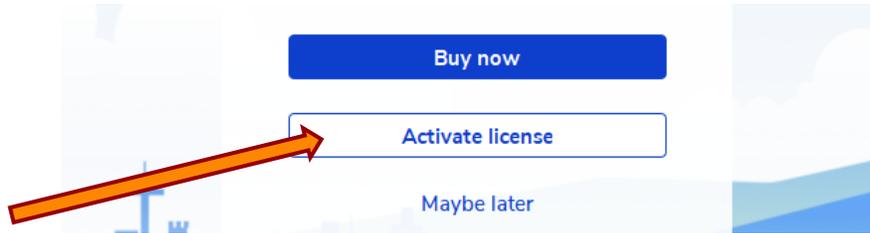

Skip this   Yes, install

5. After a short install time, click "Get Started".

Welcome to Malwarebytes
Imagine a world without malware. We do.

Get started

6. Click on "Activate License".
