

Overview

Do you have an interest in pursuing a postsecondary education and not sure what program suits you best?

The College Access program at Confederation College will help you prepare for success in postsecondary education while exploring career and education options. Our program is offered on the Thunder Bay campus as well as in various communities. We collaborate with other programs at Confederation to provide help and guidance for pursuing the education you need for a career you will love. You'll be able to upgrade or refresh your math and communication skills, while also taking courses that transfer into other diploma programs, allowing you to transition into your destination program.

You also get the full support of our professors and staff who are ready to help at every step. We want to see you succeed at college so you can take the next step to a great job!

Top Highlights

- A great option for recent high school graduates or mature and returning students who want to ease into college life
- Develop skills to help you succeed in college – and your future job
- Receive support that will prepare you to get the admission requirements you need to enter other college programs
- In addition to increasing academic skills, you'll have opportunities to explore your strengths and gifts as you develop personal, career and educational goals
- Successful completion of many of the courses in the College Access program are transferrable toward other postsecondary programs

Learner Testimonial

As a student, going back to school was quite frightening, but I quickly learned that the teachers are great and they look out for your best interest - if there is anything you need, they are there to help. The College Access program was a good experience and there are a variety of great classes that help you get the feel of what you are really looking for in your future. Your prior knowledge and the knowledge you achieve in the program are an excellent combination to get you to the next step in your academic studies.
